*The only dedicated Assisted Living Residence in New York City specializing in Enhanced Memory Care*

## Specializing In ENHANCED MEMORY CARE

### Who Are We?

Licensed by the New York State Department of Health, **The 80th Street Residence is the only dedicated assisted living community in New York City Specializing in Memory Care.**

Proudly, 80th Street is the Nation's first recipient of The Alzheimer's Foundation of America's **Excellence in Care** award for serving individuals with Alzheimer's disease or related dementias.

In our boutique setting, 80th Street offers unique neighborhoods, each composed of no more than eight to ten Residents with similar cognitive abilities. All neighborhoods have cozy and homelike dining and living rooms and are staffed twenty four hours a day with personal care attendants. The intimate setting allows for an environment that is conducive to relaxation, socialization and participation in varied activities.

### How Do We Care For Our Residents?

The 80th Street Residence provides individualized care based upon each Resident's specific needs. Our Wellness Department is supervised by Nurses who are on site twenty four hours a day, seven days a week.

Before arriving, each new Resident and Family has already met with our Staff so that we can best anticipate their needs and preferences. Using what we have learned, we then choose the right neighborhood. Recognizing that a move is difficult for both the Resident and the entire family, 80th Street has embraced a unique practice of providing a private personal care attendant to ease the transition.

Moving forward, case management services and ongoing evaluations enable us to identify any changing needs in our Residents. Our care planning meetings are a great way for us to continue our collaboration with families and to make sure that each Resident receives the very best care. In addition, visiting physicians can also help ease the day-to-day problems that arise.

### Can you describe some of the Residents' favorite things?

With so many of our Residents being lifelong New Yorkers, the breathtaking view from our **Penthouse Terrace** is a big hit. In addition, our backyard allows us to host an array of gatherings, parties, barbecues or simply enjoy the opportunity to relax in the warmth of the sun.

Our three **Chef prepared and served meals** each day find our Residents eagerly enjoying their dining experience again.

Our **Private Dining Room** gives our Residents and Families the perfect venue to celebrate special events or enjoy their favorite NYC take-out food together.

The **Tea Room** is a favorite spot for everyone. Whether enjoying a snack or sitting by the fire, there is always someone to talk to.

For those who enjoy being pampered, our **Salon** is the place to be.

And of course everyone here enjoys having housekeeping, personal laundry and linen services provided. Who wouldn't?

### What About Activities?

The 80th Street Activities Staff is not only devoted to providing the very best group and individual programs for our Residents but are dedicated to encouraging everyone's participation. Whether it be exercise, discussion groups, trivia, ballroom dancing, music therapy, concerts with The Juilliard School of Music, scenic rides and trips to Central Park, Pet Therapy or even walks in the neighborhood, our staff uses each as an opportunity to make a connection.

## How Do I Learn More?

*Contact us today to chat and arrange your visit for any day of the week.*
