Regarding our father Larry Kasman

The Kasman family wants you to know how grateful we are for the wonderful care you gave our father over the 4+ years he was a resident. We continually speak about how lucky we are to have found the 80th. As you know, the family visited our father often and always found him to be beautifully cared for by your staff, both physically and emotionally. They seemed to go out of their way to look after Larry, and also make sure that our visits were pleasurable. It seemed clear to us that our father was in the safest and most caring hands, which gave us great peace of mind.

You have created a unique environment. A place that makes both the residents and their families feel at home. A feeling of community. There is great sensitivity in how the residents are always treated with respect so they can live their lives to the fullest potential. This is a tribute to the Owners and Management of the 80th. We clearly understand why you receive awards and recognition – they are richly deserved.

So again, we thank you from the bottom of our hearts for making our father's final 4 years as peaceful as possible. Please share our thanks with the Aids, kitchen staff and all who came in contact with our father. They all deserve credit for the warm feeling that is such an important part of the 80th community.

Sincerely,

Larry's children Barbara, Alice, and Matthew plus Barbara's husband Art and Matthew's wife Irene and their son Sam
